PROPERTY DESCRIPTION

Take A Hike In Your Own Home.

This breathtaking restored Victorian home (circa 1852) has tremendously large rooms and high ceilings. The trim and crown have been meticulously restored to their original charm. This home is the height of elegance in one of Belleville's premier neighbourhoods. If you enjoy entertaining, this would be the home for doing just that. Just nip down to the wine cellar to make sure you have enough on hand in case I decide to come over.

This house has updated roof, plumbing, heating system and the electrical wiring has been updated as well, so there's no worries about things not being to code in this old charmer.

2 staircases lead to the 5 large upstairs bedrooms. One staircase for you, and of course, another one for the servants. The bedrooms are spectacular as well, and the home features hardwood floors throughout and beautiful bay windows. There is an undeveloped 3rd level loft which could be turned into an amazing studio.

The property is completely fenced and has a circular driveway so that the coachmen don't have to turn the horses around. The back yard has been extensively landscaped and even has a basketball court. There are two separate front entrances, 3rd level loft could be developed.
